Student Life Resources

Homewood Student Affairs supports the university’s educational mission by providing a safe, supportive environment in which students are integrally involved with faculty and staff at all levels of the institution. The division is led by the Vice Provost for Student Affairs, who oversees major components within the area. The areas under the Vice Provost’s purview include Academic Services, Student Life, Business Operations & Administrative Services, and Athletics & Recreation.

The Vice Provost and the areas reporting to the Vice Provost are committed to a student-centered approach and meet both individually and jointly with students to hear their concerns, to support their activities, and to receive feedback on the multiplicity of the division’s programs.

The Office of the Dean of Academic Services, located in Garland Hall, is directly responsible for providing services and programs that support student needs. The offices that comprise the Dean of Academic Service area are: Office of the Registrar, Office of Multicultural Affairs, Center for Social Concern, National Fellowships and Scholarships Program, Career Center, Student Affairs Research and Analysis, and Office Student Disability Services. These offices strive to register, serve, advise, educate, and graduate a highly diverse group of students who will be actively engaged citizens in our society. Academic Services provides leadership, guidance, and support in the maintenance, development, and evaluation of programs which serve students, parents, alumni, faculty, staff, and trustees, and which contribute to a community characterized by mutual caring, respect, and responsibility.

The Office of the Dean of Student Life is responsible for the co-curricular programs on campus. The dean and her staff are accessible advocates for the individual and group needs of students. On a campus where academic expectations are rigorous, the dean of student life and all her staff strive to provide an atmosphere in which responsive program activities and services for students can flourish. The Office of the Dean of Student Life is located in the Mattin Center, Offit Building, Suite 210. Students are encouraged to stop by to schedule an appointment or to send an email to offer their suggestions or concerns.

The Office for Business Operations and Administrative Services assists the division in the overall fiscal management of student affairs. The office also administers the areas of housing and dining, ID card services, student accounts, and student employment. Additionally, the office oversees the human resources component for the division.
